Stainless Steel Grille Guards

All RealWheels Grille Guards Feature:

- All black powder coated and mirror-finish grille guards are made from 1-5/8" 304 Stainless Steel. Guaranteed not to rust, pit or corrode.
- Aggressive styling and front-end vehicle protection.
- No need to replace whole bumper like most full guards on the market.
- Built-in light tabs for accessory lights. (Accessory lights sold separately.)
- Easy installation. No drilling required.
- Made in the USA.
- Fits all Wrangler JKs 2007 to current.
(Call for fitment on special edition JKs.)

Easy Installation

Installation is easy, secure, and completed in minutes with NO DRILLING required. Watch the video at www.RealWheels.com/wrangler or by scanning the QR code.

Stainless Steel

“Enforcer” Grille Guard

For Jeep fans looking for more than just a typical Jeep Accessory. This Grille Guard provides the ultimate in aggressive styling and front-end vehicle protection. Available in a durable black powder coating or polished mirror finish.

Mirror-Finish “Enforcer” Grille Guard

Stainless Steel

“Over-The-Hood” Grille Guard

Give your Wrangler that “Take No Prisoners” attitude with the boldest guard available from RealWheels Accessories. The Over-The-Hood attractive styling also makes a bold statement from the vehicle’s side profile, as this extreme guard extends 8” back over the vehicle’s hood. Durable black powder coating.

Access under the hood is achieved quickly without tools, using quick-release bolts. Installation of this powerful new guard is extremely easy, using factory mounting locations, with NO DRILLING required. Built-in light tabs provide a perfect location for your favorite accessory lights.

Black “Over-The-Hood” Grill Guard
