

AMERICAN MADE ACCESSORIES FOR THE TOYOTA FJ CRUISER

The Ultimate Upgrade!

Above: The RealWheels FJ Beach Patrol Project Vehicle shown before and after its amazing transformation.

Depend on RealWheels to turn your FJ into the Ultimate On-Road or Off-Road Vehicle.

Why Real...?

Do you demand the best? All RealWheels "Mirror-Shine" brush guards, side steps, and tail light guards are made in America from the highest quality, 304 stainless steel available. Inherently, all guard and step accessories will eventually encounter flying road debris, salt, off-road brush, or other obstacles. So, you can be certain that RealWheels' stainless products will perform to the highest standards, and never rust, tarnish or corrode. Each is built in the USA, and comes with a manufacturer's lifetime warranty.

Looking for great products, at a great price? The "Black-Finish" line of quality brush guards, tail light guards and side steps feature heavy, .065 gauge steel construction. Then, a durable powder-coated finish is applied and baked-on to resist chips or corrosion. Each is built in the USA, and comes with a 4 year warranty.

When it comes to billet accessories, the Engineers at RealWheels meticulously design each product to improve on, and enhance the vehicle's existing features. Every billet product begins as a solid block of T6061 aircraft quality aluminum. Each part is precision machined, and then polished and buffed to a mirror shine. To finish each item, they are either coated with a durable black powder-coated finish, or chromed with the industry's finest multiple-step plating process.

Billet or Stainless, Bright or Black... Quality to the CORE!

THERE ARE VARIOUS TYPES OF FJ OWNERS

Some of you strive to expand on the Cruiser's strong off-road heritage that dates back to the 50's. The RealWheels design team remains committed towards developing products that live up to the Cruiser's passionate off-road legacy. Whether you choose a bright or black finish, quality and durability are never compromised.

Some desire to turn heads with a stunning street version FJ. RealWheels' custom chromed billet aluminum accessories, and stainless steel trim parts will definitely get the job done. RealWheels has designed an array of stylish accessories that will quickly set your FJ apart from others on the street.

S.S. 3 PC GRILLE SET

RW102-4-T0202 (3pc Set)

Precision laser-cut from 304 stainless steel, these grille inserts are the perfect way to give your FJ a custom look. Each installs over factory grille in minutes and offers a lifetime of style. Install as a set, or purchase individually.

A. S.S. TOP HOOD GRILLE

RW102-1-T0202

B. S.S. MAIN FRONT GRILLE

RW102-2-T0202

C. S.S. LOWER BUMPER GRILLE

RW102-3-T0202

S.S. HOOD TRIM

RW140-1-T0202 (2pc Set)

This trim accessory helps emphasize an important design feature found on Land Cruisers from 1955 – 1984. The parts are easily installed in minutes, and add character to the simple hood design. Each is precision laser-cut from mirror-shine, 304 stainless steel.

S.S. LOGO SURROUNDS

RW126-1-T0202

A perfect way to frame your new FJ emblems. Each is laser-cut from stainless steel to enhance the vehicle logos, and will never rust, pit, or corrode.

S.S. LOWER ACCENT TRIM

A. REAR: RW120-2-T0202

B. FRONT: RW120-1-T0202

Add these innovative louver-style design features to the opening of each fender. This trim design provides a sporty feature that looks like it should have come from the factory. Precision laser-cut stainless steel polished to a mirror-shine.

S.S. TAIL LIGHT GUARDS **RW306-1-T0202**

The modern tail lights of the new FJ offer unique styling to the vehicle, but need some protection. Whether you're interested in function or appearance, these guards offer both. Constructed from stainless steel tubing, they install easily and securely.

BENT S.S. TUBE WITH STEP-UP KIT **RW401-5-T0202**

The winning combination of stainless steel construction and the RealWheels popular Step-Up Kit create the perfect FJ side step. Built from 3" diameter 304 stainless steel, each tube is then assembled with a stainless steel cap that provides durable, non-slip footing for entering and exiting the vehicle. This exclusive system from the designers at RealWheels provides a vast improvement over the typical plastic step inserts that are found on most side steps.

S.S. ROCKER PANELS

Diamond-Plate: RW116-1DP-T0202

Mirror Shine: RW116-1-T0202

Give the side profile of your Cruiser an instant custom look with laser-cut stainless steel side rocker panels. Installs directly over factory panels in minutes, and is guaranteed to never rust, pit or corrode.

S.S. WINDSHIELD VENT COVERS

RW131-1-T0202

Precision laser-cut vent covers are a perfect way to customize your vehicle. Installs in minutes over factory vents.

S.S. HANDLE SURROUNDS

RW122-1-T0202

These attractive surrounds are precision laser-cut from mirror-finished stainless steel. Door handle surrounds provide a subtle, but stylish enhancement to the FJ, complimenting the silver tones of the wheels and bumpers.

S.S. EXHAUST TIP

RW308-1-T0202

This 304 stainless steel tip will completely outlast any chrome tip. Polished to a mirror-shine, they are installed in seconds for a lifetime of good looks.

S.S. WINDOW TRIM

RW139-1-T0202

Give the side profile of your Cruiser an instant custom look with laser-cut stainless steel trim. Installs in minutes and is guaranteed to never rust, pit, or corrode.

RealBillet™

MIRROR FINISH BILLET ALUMINUM

Billet Aluminum Accessories are precision machined from solid blocks of billet aluminum, hand polished to a mirror-shine, then coated with the industry's finest chrome plating for the ultimate in quality.

BILLET GEAR SHIFTERS

RW223-1-T0202 (Large Knob)

RW223-2-T0202 (Small Knob)

RW223-3-T0202 (Combo)

Precision machined from solid blocks of billet aluminum, these Shifter Knobs feature rubber rings for sure grip. Each are polished by hand to a mirror shine, and then plated with the

industry's finest chrome process. For FJs with automatic transmission. Installation is easy—simply screw on.

BILLET GAUGE CLUSTER BEZEL

RW224-1-T0202

Precision machined from solid blocks of billet aluminum, this Gauge Cluster Bezel is the perfect addition to the interior of your FJ. Polished by hand to a mirror shine, and then plated with the industry's finest chrome process. Installs easily.

BILLET GRAB HANDLE

RW216-1-T0202

These interior grab handles are a "must have". The RealWheels team of engineers meticulously added ergonomic finger grips and design grooves that clearly illustrate their thick billet construction.

BILLET MARKER LIGHT

RW222-1-T0202

The FJ's designers are proud that the small indicator lamps, which are part of the side mirrors, made it to production. RealWheels used their precision machining process to enhance these lamps with solid billet louvers.

FJ CRUISER BLACK SERIES

For those that demand the rugged and powerful appearance of black accessories, this series provides vehicle owners with proven functionality and unmatched durability.

TAIL LIGHT GUARDS RW306-1BP-T0202

Whether you're interested in function or appearance, these guards offer both. Constructed from heavy gauge tubing and laser-cut guards. Install easily and securely.

S.S. BLACK HOOD TRIM RW140-1BP-T0202 (2pc Set)

This trim accessory helps emphasize an important design feature found on Land Cruisers from 1955 – 1984. The parts are easily installed in minutes, and add character to the simple hood design. Each is precision laser-cut from 304 stainless steel then coated with a durable black finish.

RealBillet™
BLACK FINISH BILLET ALUMINUM

BILLET MARKER LIGHT **RW222-1BP-T0202**

The FJ's designers are proud that the small indicator lamps, which are part of the side mirrors, made it to production. RealWheels used their precision machining process to enhance these lamps with solid billet louvers. Each are finished with a durable black powder-coat.

BILLET GRAB HANDLE **RW216-1BP-T0202**

Precision machined from solid blocks of billet aluminum, these interior grab handles are a "must have". The RealWheels team of engineers meticulously added ergonomic finger grips and design grooves that clearly illustrate their thick billet construction.

BENT TUBE WITH S.S. STEP-UP KIT RW401-5BP-T0202

The winning combination of black powder coated tube construction and the RealWheels popular stainless steel Step-Up Kit create the perfect FJ side step. Built from 3" diameter tubing and assembled with an extra wide stainless steel step that provides durable, non-slip footing for entering and exiting the vehicle. This exclusive system from the designers at RealWheels provides a vast improvement over the typical plastic step inserts that are found on most side steps.

S.S. LOWER ACCENT TRIM

A. REAR: RW120-2BP-T0202

B. FRONT: RW120-1BP-T0202

Add these innovative louver-style design features to the opening of each fender. This trim design provides a sporty feature that looks like it should have come from the factory. Choose front trim, rear trim, or both. Precision laser-cut stainless steel with a durable black finish.

S.S. LOGO SURROUNDS RW126-1BP-T0202

These attractive surrounds are precision laser-cut from stainless steel and then coated with a durable black finish. Logo surrounds are a perfect way to frame your new FJ emblems.

S.S. HANDLE SURROUNDS RW122-1BP-T0202

These attractive surrounds are precision laser-cut from stainless steel and then coated with a durable black finish. Door handle surrounds provide a more balanced appearance to the FJ, complementing the many black features of the vehicle's lower half.

FJ CRUISER BRUSH GUARDS

All RealWheels "Mirror-Shine" brush guards are made in America from highest quality, 304 stainless steel available. Inherently, all guards will eventually encounter flying road debris, salt, off-road brush, or other obstacles. So, you can be certain that RealWheels' stainless products will perform to the highest standards, and never rust, tarnish or corrode. Each is built in the USA, and comes with a manufacturer's lifetime warranty.

Looking for great products, at a great price? The "Black-Finish" line of quality brush guards feature heavy, .065 gauge steel construction. Then, a durable powder-coated finish is applied and baked-on to resist chips or scratches. Each is built in the USA, and comes with a 4 year warranty.

OVER-THE-TOP BRUSH GUARD **Shown Above**

Stainless Steel: RW304-2-T0202

(Without Inserts: RW304-1-T0202)

Black: RW304-2BP-T0202

(Without Inserts: RW304-1BP-T0202)

The most aggressive brush guard available for your FJ. RealWheels provides a more appropriate look for the FJ by using significantly larger diameter stainless tubing to produce these impressive guards, with a custom wrap-around styling. Available with or without horizontal inserts.

FRONT BULL BAR **Shown Above**

Black: RW311-1BP-T0202

Stainless Steel: RW311-1-T0202

This Bull Bar adds extra front-end protection and is a great finishing addition to your FJ. Bull Bars are manufactured from 2.5" diameter tubing. Choose from mirror-shine stainless steel or black powder coated steel tubing.

With Extensions:
RW310-3BP-T0202**

Available with extensions for a more aggressive appearance.
KC Lights Sold Separately.

RW310-1BP-T0202

AIR HORN SYSTEM **RW502-1-T0202**

Over 135 decibels of powerful dual horns provide a freight train-like announcement of your arrival. Features a compressor for adding air to your tires in a remote location, or inflating those rafts and toys at the beach. The horns have an exclusive sound chamber design, rugged die-cast construction, stainless steel diaphragm, and are chrome plated. This Easy-to-Install system bolts right into existing space under the hood with NO Drilling. Connect the system two ways: Full time – Blows the air horn every time you hit the steering wheel horn switch; Or... Part time – Allows you to simply switch off the air horn whenever there might be a need to be discreet.

REALWHEELS CORPORATION

LIGHT BAR

RW604-1BP-T0202

Whether you plan to turn night into day with multiple roof-mounted lights, or just need an extra mounting location for getting that canoe to the water, this light bar is the perfect accessory. The bar installs securely and easily in minutes, and the black powder-coated finish complements the vehicle's design. Includes welded mounting tabs for up to 4 lights. **KC Lights Sold Separately.**

KC SLIMLITE® DRIVING KITS (100 Watt)

RW509-1-A0102 (Chrome)

RW509-2-A0102 (Black)

KC SlimLites feature a unique 6" round housing with a sleek, flat profile that allows them to fit where others won't. Optical quality glass lens, halogen bulb, and precision polished reflectors combine to generate a "super-bright" and specially focused beam of light. Available in chrome and black powder coated finishes. Kit includes 2 KC SlimLites, 2 protective stone guards, and pre-terminated relay wiring harness. (Long Range and Fog Light Kits also available.)
