Quality Stainless Accessories For Fords!

RealWheels 16", 17.5" and 19.5" Stainless Steel Simulators offer a front profile and deep rear inset that simulates the look of aluminum wheels.

- High-quality, non-magnetic 304L stainless steel — will not rust, pit, corrode or turn yellow.
- The hook mount systems do not require excess stud.
- These systems do not disturb the torque of the lug nuts.
