

OTR LED Air Guard®

SET & GO Tire Pressure Monitoring System

This active tire pressure monitoring system starts flashing **RED** if the tire pressure drops 5 to 10 psi.

Fits Off-The-Road (OTR) Construction & AG Vehicles

The Easiest TPMS to Install, Calibrate and Recalibrate

4-PACK
RW-PPK-0502

6-PACK
RW-PPK-0503

- **Safety** – Improper tire pressure has a detrimental effect on handling, braking and control.
- **Longer Tire Life** – According to the D.O.T., 95% of all premature tire wear is caused by underinflation.
- **Self-calibrating** – LED AirGuard Set & Go memorizes pressure when initially installed and can be easily recalibrated by simply removing and reinstalling.
- Battery standby time is 2 years from the date stamped on the LED AirGuard.

Anti-theft Locking System Included
